

All dressed up

MR. DUDE-grins a sheepish grin as the photographer Ted Mendoza caught him in the very rare act of shoveling snow in Hondo. But then again, he won't have to worry long because the two or three inches that fell last Thursday night and

Friday morning might not fall again in many a year-and it's a cinch Mr. Dude won't be around to see that one. But snow did fall for the second time this winter-making it the most unusual winter in a long time.

Murder charges filed

A suspect is being held in Medina County Jail, in lieu of bond, charged with the Monday ax slaying of Erwin Jacob Lutz, a 70-year old D'Hanis rancher.

Genaro Segura, 42, a Mexican

alien, was charged with murder after being apprehended by Uvalde County officers Monday afternoon.

According to investigating officers, a report to the Sabinas Fire Department had been received

Monday of an automobile, on Highway 90 about 3½ miles west of Sabinas, with the tires aflame and an out-of-state motorist reported to Department of Public Safety Officer Zimmerman that he had seen a man flee the burning automobile with a firearm in his hands.

On checking the license number and finding the car belonged to Erwin Lutz of D'Hanis, officers began searching the area. Zimmerman, Game Warden Raymond Custer, and a Uvalde County Deputy Sheriff arrested Segura in the area, in possession of a rifle. Segura was transported to Uvalde and jailed there pending notification of Medina County Sheriff Charles Hitzfelder.

Upon arrival at the Lutz home eight miles north of D'Hanis, officers were told that Lutz had used the car to go to a pasture to the south. Lutz's body was found in a pasture five miles north of D'Hanis, with a bloody ax nearby. He apparently had been struck in the head with the ax.

Tuesday morning, Segura was removed to Medina County Jail and charged before Justice of the Peace Harold F. Herring with one count of murder with malice aforethought, and one count of theft of a motor vehicle.

At that time, Herring declined to set bond, but Wednesday morning bond was set at \$100,000 for the murder count and an additional \$10,000 for the auto theft count.

City may be heard on Trail

Hondo will get a hearing on its request to be included on the Hill Country Trail, so says Frank Hildebrand, chairman of the Texas Tourist Development Agency.

The request was made by the Hondo Chamber of Commerce in a January 12 letter outlining reasons why the Chamber feels the City should be included on the tourist trail.

Hildebrand's answer to the request came Monday morning and gives hope that Hondo might have a chance. It reads:

"Dear Burnis: "My delay in responding to your letter of 11 January has resulted from a day-to-day expectation that I could convene this committee for consideration of your request.

"Regrettably, I've been unable to do so. But we will get together soon. In the meantime, though, I didn't want you to think that I had forgotten you.

"You've certainly presented a strong case for our re-routing the Hill Country Trail to include Hondo. Be assured that the matter will receive every consideration. Most cordially, Frank Hildebrand"

High level discussion planned in Hondo at Highway 90 meeting on Friday

If top level discussion can find the answers to all the questions concerning the improvement of U. S. Highway 90 between San

Antonio and Del Rio, the Friday 2 p.m. meeting in the Hondo City Municipal Building should be the answer.

Co-sponsored by the Hondo Chamber of Commerce and the City of Hondo, the meeting was requested and arranged by State

Representative John Poerner, who will be on hand to moderate the discussions.

Texas Highway Department officials who will be on hand to lead the discussions will be Marc Yancey, Assistant State Highway Engineer-Administration; and R. O. Lytton, District Engineer of San Antonio; Fred Clark, District Engineer at Del Rio, who will discuss highway improvements planned for the highway in their Districts.

Representatives Hilary Doran of Del Rio and Jim Nugent of Kerrville also will be present, "if they can possibly make it."

Invited to the meeting are representatives from Chambers of Commerce in Castroville, Hondo, D'Hanis (Lions Club), Sabinas, Uvalde, Brackettville and Del Rio; County Judges and Commissioners from Medina, Uvalde, Kinney and Val Verde; and mayors and city councilmen from the above listed cities.

Discussions will cover progress already accomplished on improvement of the major east-west thoroughway, and planning improvements still to be effected.

Henry C. Nietenhoefer, vice president of the Hondo Chamber of Commerce, will welcome the representatives from the various entities and will be assisted by C. E. Hackbeil who will represent Franklin Wiemers, chairman of the Hondo Chamber Highway Committee. Hackbeil also is resident engineer for the Texas Highway Department.

Trustee election is called

Call for a trustee election was made Tuesday night by the Board of the Hondo Independent School District.

The election will be held on Saturday, April 7, 1973. Two trustees will be elected in that election since the terms of Milton Renken and Elmer Joe Leinweber, Jr. are expiring.

However, Wednesday morning both incumbent trustees filed as candidates for re-election.

Other persons interested in filing as candidates may do so at the business office from 8 a.m. to 4 p.m. Monday through Friday now through March 7. Deadline for filing will be 4 p.m. on March 7.

City election called APRIL 7

Issuing a call for a city election on April 7, 1973 highlighted the Tuesday night Council meeting in Hondo.

Mayor George Brucks called the City Election for the first Saturday in April 7. He appointed Charles Larkin as election judge and Mrs. Lorene Bendele as alternate judge.

The election will bring a vote on

two councilman positions and the mayor. The terms of G. P. Chapman, Place 2, and A. D. (Andy) Patterson, Place 1, expire this year.

In other action, Mayor Brucks also appointed the Board of Equalization, Buck Grisham, Tony Mendez and Bobby Van de Walle. The Council voted to retire some

\$15,854 bonds on the city building, with \$10,925.45 coming from general fund and \$4,900 coming from Post Office rent fund.

BULLETIN

T. A. Lopez has filed as a candidate for Alderman Place 1. He will seek the position now held by A. D. (Andy) Patterson.

The Mayor read a letter from United Gas saying that gas rates will increase slightly due to an increase in cost to the company.

In connection with this Electric System Superintendent Fred Johnson said there are electrical adjustments being made due to San Antonio Public Service Board passing on costs increases.

Council also authorized City Manager Fritz Leinweber to work with Sonny Schmidt in preparing a baseball diamond on city property for the Eagles to compete in the Hill Country League which will begin play near the end of March.

T. A. Lopez announced to the City Council that "there is not truth in the rumor that the Pruneda American Legion field will not allow all people who want to play there. The rumor says we have said no Angolos or blacks will be able to play there. That is not so. Anyone who wants can play at the Pruneda American Legion field."

L. E. Kollman and Harlon Wolff appeared before the Council asking that Unit 4 in Kollman Oaks, containing 28 acres, be annexed by the City. Council approved to put the request in motion for final action at the next meeting.

Councilman Hilmer Mueller said that all vehicles in the pound should be sold for whatever price can be found. The money cannot be used except for expansion of the pound of operation, according to the City Attorney.

Fred Johnson reported that lighting of the helipad at Medina Memorial Hospital has been completed with the installation of a switch in the emergency room.

Fritz Leinweber reported that the County Commissioners voted to pay \$1,000 toward the cost of this project.

Johnson also reported that the city will pay \$2,760, or half the cost, of installing flood lights on the apron at the Airbase where airplanes will be parked when the flying program begins.

Council also voted to pay employees overtime on any time they work over eight hours per day, regardless if they have been off during the day.

Merchants go all out

The merchants and business firms named in this article have undertaken to bring you the greatest selling event in the history of Hondo.

It is an "EXTRAVAGANZA OF VALUES" today and every day. Check the items advertised on today's special section of the Anvil Herald. You will find greater values than you could believe were possible right here at home. The loudly touted sales attractions of the "big city" centers cannot compare with the values offered in Hondo this week and every week.

Every merchant has undertaken to give you an opportunity to buy regular merchandise at fine savings. This is just one more way for them to show you that Hondo is the place for you to shop and fulfill all your family needs.

You benefit by quality, value, service and selection when you do business with Hondo merchants and business firms. Their reliability and integrity assure you that every item is guaranteed as advertised. You can save money and buy with confidence from these business firms.

It is a true "EXTRAVAGANZA!"

Rarely can any group of merchants conduct such an event, but in their great determination to build for you the best shopping district in this area, they have planned this eight-week event.

See how you can save on all your family and personal needs. Read the special section beginning on Page 5 today!

The Anvil Herald recommends that you visit these business firms for all your needs:

Dan's Drugs, Medina Savings Association, Ben Franklin's, Fohn's White Auto Store, DeMontel's Furniture, Finger's Fashions, Graff's Western and Men's Wear, Pedens Rexall Store, Hondo Implement Co., City Auto Supply, Moehring's Tru-Value Store, Kidd Marine Sales, Hondo Sears, the

Dutchman Drive-In and the Hondo National Bank.

Also, Mary-Rene's, Western Auto Store, Mueller's Exxon Station, Jack Winkler Motors, Chapa Furniture Store, Perez Sales Agency, Alamo Lumber Co., Hondo Lumber Co., The Chicken Coop, New Frontier Restaurant, Bingo Auto Parts, the Drug Shoppe, E. R. Leinweber Co., The Ranch Store, Delony's Jewelry, Jones Shoe Store, Winn's, The Style Shop, Economy Motors and the Credit Bureau Service Center.

County purchases property

Purchase of two lots across the street west of the Courthouse has been announced for the County by Judge Jerome Decker.

The lots include the old recreation building on the corner of Avenue M and 17th St. and the vacant lot immediately south of the building.

Commissioners approved the purchase for future use by the County when needed. "One of these days the Courthouse will need an annex," Judge Decker said, "and Commissioners Court felt that this was an excellent opportunity to obtain the land."

Purchase of the lot and recreation building was made from Jesse Dominguez, who agreed to tearing down the building within 90 days. Selling price was \$13,500.

The vacant lot was purchased for \$8500 from Clarence Haas.

Both lots give the County an area measuring 140 by 120.

Letters from the mailbox

Gentlemen:
Enclosed is my check for \$4.50, for which please send me one set of Farm & Ranch Spanish Books.
Some days I do real well and some days I do not do well at all, although my background in the Spanish language is as good as that of any native Texan who lived in the southern half of the state.
Who knows, taking into account that I have a new gardener who does not speak English, you may be able to help me grow the finest flowers in Harris County, Texas.
Very truly yours,
Pat F. Timmons
[Editor's Note: We don't know about helping Mr. Timmons grow flowers, but we certainly sell a lot

of these books.]
Gentlemen:
We have a newly established library here in Utopia and are soon to move into a new location. We are non-profit, of course, but want to serve our community well, and we'd like to have area newspapers for our reader's to enjoy.
Could we have a complimentary subscription to your Hondo and Sabinal newspapers as well as a shopping center the canyon uses?
Sincerely,

CHAMBER CORNER

By Lillian Porter
Executive Secretary

I want to take this opportunity to say how much we regret that Jess Ledbetter will no longer be on the Board of Directors. But we are happy to know he will still be calling Hondo home, although his job will take him to San Antonio each day.

This could also be a way of saying "Welcome," to Larry Oefinger who fills Jess' spot on the Board.

Thanks to Mr. and Mrs. Henry Nietenhoef for representing Hondo and the Chamber at the annual Uvalde Chamber of Commerce Banquet Saturday night. They will hear Governor Dolph Briscoe as the main speaker, and see the Triple A Champion Coyote football players receive some richly deserved honors.

Others we know who will attend the banquet include County Judge and Mrs. Jerome Decker and Mr. and Mrs. John Wentz. It seems John has an inside connection in Uvalde since his cousin George is president of the Uvalde Chamber.

Mrs. Ingram phoned a few hours after she was referred to a possible job opening informing us she was hired.

The routine rundown shows some activity: javelina hunting, 4; requests for civic organization lists, 3; job applications and calls, 16; letters mailed on CoC information, 1; requests for deer hunting leases, 9; answers to letters requesting leases, 25; Salvation Army bills, 2; call on peddling, 1; answers to brochure requests, 1; requests for names desiring leases, 15

names mailed; request for bow hunting lease, 1.
We are very proud of this letter addressed to the Hondo Merchants, in care of the Chamber:
"Dear Sirs:
"I would like to thank

you for buying my sheep. The money will help me in many ways. Thank you.
Yours truly,
Andy Russell
Rt. 1, Box 46
Devine, Texas"

Helping hands

These three men of the cloth are helping each other in Hondo. Flanking Father George Stuebben are Father John Catala, S. J., left, and Father Siegfried Fleiner, right. The two are in Hondo from Guatemala to learn English. They will be here for three or four months and then Father Siegfried will visit in his home city of Augsburg, Germany before returning to Guatemala. Father John will return to Gandia, Spain, a city in the province of Valencia, where oranges are grown. Father Siegfried has been in Guatemala for eight years as pastor in an Indian community. Father John has been there 11 years working in the University and for the Bishop. [Photo by Tony Mendoza]

merchants participating in the Trade In Hondo promotion. Second place winner will receive a \$15 certificate good at any of the same places; and the third place winner will be given a \$10 certificate good at the same places.

This contest has several purposes, as we see it. The Anvil Herald is attempting to: show local residents that there are fine salespersons here, spark an interest in local salespeople to do a better job, and show appreciation to those merchants who for these eight weeks have joined hands to promote our town.

We just hope our readers continue to pour those nominations into our office. The winners certainly will appreciate it, too.

PRESIDENT NIXON

Oh, does he know how to hurt one who is trying so hard and still falling short.

But, since he said he would run the pony rides at Museum Day,

Poerner reports

BY JOHN H. POERNER
15th LEGISLATIVE DIST.

The Texas House passed probably the most far-reaching lobby control bill in the State's history this week.

The following people would be required to register as a lobbyist under the provisions of the bill:

(1) those who make a total expenditure in excess of \$150 in a calendar quarter, not including travel expenses or membership dues for communicating directly with or reimbursing another to communicate with one or more members of the Legislative or Executive Branch of government for the purpose of influencing legislation.

(2) Those who make an expenditure in excess of \$150 in a calendar quarter, not including membership dues, to solicit other persons by advertising campaigns to communicate directly with one or more members of the Legislative or Executive Branch of government.

(3) Those who pay compensation to, or re-

ceive compensation from, another to communicate directly with a member of the two branches.

(4) Those receiving reimbursement from another person to communicate directly with a member of the two branches.

Knowing reform has been needed in this category, I voted for this bill. The bill does not prevent the local citizen from corresponding with his Representative or Senator, however it will control the influence of lobbyists with members of the Legislature.

The House also passed the shield law for individ-

als disclosing information to reporters. I also voted for this bill as society depends upon the news media to be the watchful eye over government.

The response to the questionnaire has been much greater than I had originally expected. Constituents are taking time to answer the questions and add their comments about issues that may not have been asked. My Austin office is receiving about 300 per day which is about three times the response I received two years ago. It is apparent to me that the citizens of Texas are concerned. They want to establish a closer tie with government and they are ready to make their opinion known on the various issues before the State Legislature.

Heyen takes VFW office

Chester F. Heyen, 1212 30th St., was appointed "Registered Service Officer" at Monday's meeting of Post 3891 VFW Hondo. Post Cdr. Rudy Proctor, Jr. named Heyen, a veteran who saw wartime service overseas with an Aviation Engineering Battalion for 31 months duty, in both the European Theatre and Asiatic Pacific. Heyen is a lifelong Hondo resident.

District 11 Cdr. Jimmy Wrigley of Eagle Pass conducted his semi-annual post inspection and urged early planning on the part of the Hondo group, who are to host the district encampment set for an as yet unselected date in May.

After the business session, members and guests were served refreshments.

Speed zones are changed

Motorists driving Highway 90 through Hondo can now be heavier with the foot and get by with it.

Texas Highway Department officials have recommended a change in speed zones after conducting a survey in Hondo.

Approaching Hondo from the west, the new speed zones will be city limits to flashing light at Castro Avenue, 60 MPH; changing

to 50 MHP to Avenue T; changing to 40 to Avenue D; changing to 50 and up as one drives east.

"School zones with flashing lights will remain the same," Police Chief Jerry Williamson said. "They will be 30 MPH while flashing."

City Council approved the suggestions and now await an ordinance to be sent by the state.

Sewage plant at capacity

Sewage treatment facilities in Hondo are almost to the "seam-straining" stage and serious thought should be given to new facilities, a report Tuesday night by Elmer Faseler, superintendent of the Hondo Water and Sewage Department, revealed.

"We are operating at top capacity right now," Faseler said. "And since we are utilizing the

affluent in irrigation, we are within the minimums set by the Water Quality Board."

Mayor George Brucks announced that the Alamo Area Council of Governments has notified him that some money is to be available for sewage treatment facilities, and recommended the Council approve getting in touch with AACOG on this. Council approved.

Turkey dinner, concert set

Good eating and fine music is in store Sunday at the Hondo Band Boosters Turkey Dinner and Band Concert.

This big event is slated for the McDowell School with dinner being served from 11 a.m. to 1 p.m. followed by the Concert at 1:30 in the McDowell Gym.

All band students will participate in the Concert.

Those who desire may take their food to go. Food to go will be

delivered at the north door of the Cafeteria. Also, parking will be available on the north side of the school in addition to the east and west sides.

There will be some tickets available at the door for 1.50.

"Much time and preparation has gone into the planning of this event and it is hoped that everyone will come and support the bands who participate," said Mrs. L. G. Wernette.

Councilman wants word from railroad

Councilman G. P. Chapman wants to hear from the railroad company about the gates across Avenue M and Castro Avenue.

"They were extremely interested and active when we talked about lowering the speed of trains through the city limits," he said. "But once we let them off the hook, they don't seem to want to do a thing."

Councilman Chapman went on to

say that "he felt the railroad should be more interested, because we 'have lost two lives at railway crossings since we started talking gates."

City Attorney Hugh Meyer was instructed to contact the railroad officials and see what is causing the delay of the gates that the Texas Highway Department approved last October.

Sidewalks to be built

The old saying goes, "better late than never," and it could apply to the sidewalks to be built by the City for children to cross the railroad tracks in the west part of town.

Tuesday night City Council instructed Lloyd Hermes to obtain bids to build a six-foot concrete walkway from Highway 90 to 18th Street where Avenue R intersects

the highway.

This can be used by students going to and from school.

Authorized many months ago, the project was delayed until the railroad company could build crossings and then by weather.

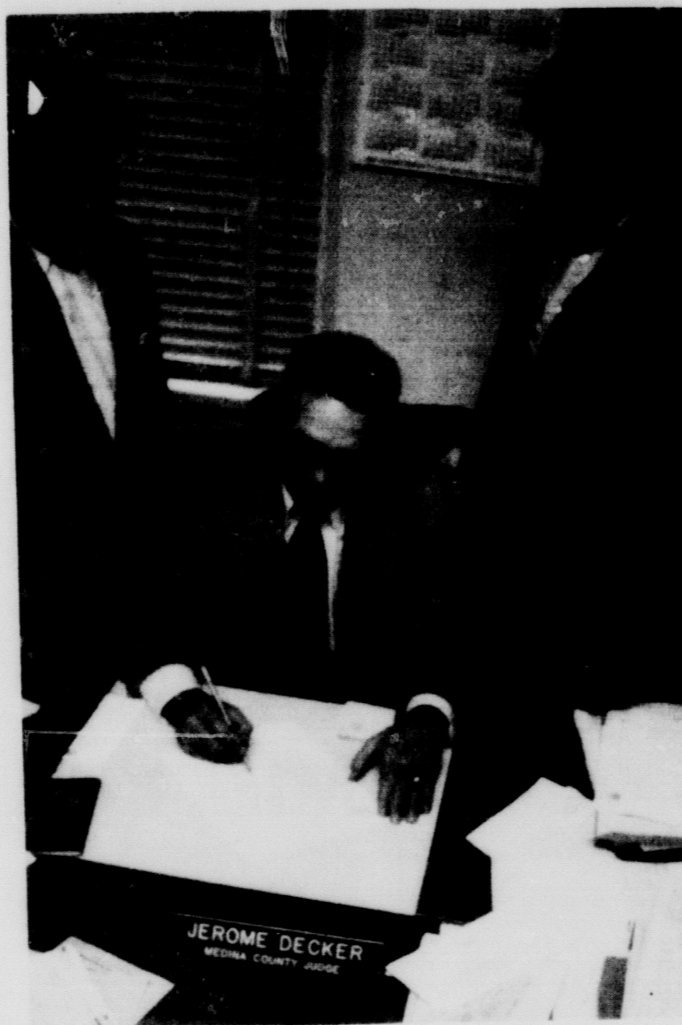

But the instructions given Tuesday night were in the "post haste" category.

Hondo kin honored

Mrs. Peggy Moninger of 4509 Kosarek, Corpus Christi, was selected last night as "Secretary of the Year" of the Coastal Bend Chapter of the National Secretaries Association.

She is secretary to the executive department of Central Power and Light Co. and has been a member of the association for four years.

She is the daughter of Mr. and Mrs. Theo Cagle of Hondo.

D'Hanis Lulac members observe National week

Members of the D'Hanis Lulac Council 106 are observing National Lulac Week Feb. 11-18 as one of the oldest such organizations in the area.

Formed on May 24, 1940, the D'Hanis Council had 24 charter members, many of whom are still active in Lulac.

The late Esteban de Leon was responsible for reviving interest in the community while presiding over the Council for three

years. Council 106 is concerned mainly with civic and educational problems in the area. Close contact is maintained with the educational system through Hipolito Rodriguez and Ben Rodriguez who also serve on the school board.

In the past, Council 106 has aided in funding projects by raising funds for such projects as scholarships, the Flood

Control Project, helping the Lions Club with its Christmas project and aiding the Booster Club and in the church.

In conjunction with National Lulac Week, plans are being made for a representative to attend the State Supreme Council on Feb. 24 and 25 in Galveston in preparation for the state convention in Houston May 18-20.

Council 106 officers are President Hipolito Rodriguez, Vice President Ben Rodriguez, Secretary Irene Rodriguez, Treasurer Amadeo Ortiz, Jr. (original charter member), Chaplain Jose Felan, Jr. and Sgt.-at-Arms Ramon Gonzales.

"Plans for the remainder of the year are to continue serving the community in civic, educational or personal aid," said President Rodriguez.

Industry Week

Wheels went into motion this week on plans for Texas Industry Week observance in Hondo April 1-7 with Larry Oefinger serving as chairman of the Hondo Chamber of Commerce sponsored event.

"Last year's tribute to local and area business proved extremely successful," Oefinger, who also serves the Chamber as chairman of the Industrial Development Liaison Committee. "So the Chamber feels another observance is appropriate."

Tentative details have been outlined by Oefinger for the 1973 salute to industry.

Main function of the week will be displays by local and area industries. Last year some 19 displays were made available to the public. "We hope we have more this year," the chairman said.

Site of the 1973 industrial display will be the Hondo Municipal Auditorium. "The main change this year will be the dates the displays will be viewed," Oefinger said. "They will be shown from 1 p.m. Thursday, April 5, through Saturday, with specific hours being 1-9 p.m. Thursday, 8 a.m. to 9 p.m. Friday and 8 a.m. to 5 p.m. Saturday."

Oefinger explained the City Auditorium will offer more space for additional exhibits. He also said that all area industries will be mailed a letter informing them of the Texas Industry Week plans and inviting them to join in making it a successful one.

Chairman Oefinger has appointed Supt. Kenneth Flory, also a Chamber director, to draw up plans for school participation. "Last year we had businessmen and industrial leaders speak at school assemblies," he said.

RUNNER UP-Queen in the International Laredo Trail Ride was pretty Miss Nora Lynn [Scooter] Brewer. She is the 13-year-old daughter of Mr. and Mrs. J. L. Brewer of Moore. Scooter attends Devine Junior High School and is a member of the Moore Rodeo Club, Tri County Horseman Club and an active 4-H member. She also competes in Horse Shows.

HONDO 4-H FOOD SHOW

The Hondo 4-H Club Food Show was held Saturday with 25 girls participating. Pictured with their favorite dishes are Angela Braden, Cheryl Cox, Mary Jo Rummel, Rose Mary Rios, and Lynda McWilliams. These girls will participate in the County Show to be held Saturday in D'Hanis.

Mrs. Edgar Littleton honored on birthday

Mrs. Edgar M. (Cora) Littleton was honored on her 93rd birthday on Thursday, February 1, from 2 to 5 p.m. with a party at the home of her daughter, Mrs. Jim B. (Mattie) Spivey, assisted by Mrs. Littleton's granddaughter, Mrs. Juanita Crowe of San Antonio.

The afternoon was spent visiting and watching the honoree open her many gifts.

Mrs. Littleton's honored guest was Mrs. J. W. Burgess, who was 93 years young in October.

Mrs. Littleton was born in Lavaca County February 1, 1880, the daughter of the late Mr. and Mrs. C. W. Garrett. She with her parents moved to the Black Creek Community near Devine in 1884 and she and Mr. Littleton were married at the home of her parents on July 10, 1898.

Mr. Littleton died September 7, 1940. Mrs. Littleton is very active and alert and she still maintains her own home on Zig Zag Avenue in Devine. She pieces quilts and weaves potholders for past time.

Mrs. Velma Blackburn baked and decorated Mrs. Littleton's birthday cake that was served along with sandwiches and punch to the 22 guests.

The guest list included Mrs. Littleton's daughter, Mrs. W. E. (Jessie) Spivey and her granddaughter, Mrs. Randy Rhinehardt, San Antonio; her daughter-in-law, Mrs. Sherrill Littleton, also San Antonio and her nieces, Mrs. Katy Yantis, Mrs. W. K. Williams, Mrs. E. J. Vanderleest, Mrs. Nell Penney, Devine; and Mrs. Nannie Mitchell, Natalia.

Mrs. Littleton was also honored with a phone call from a niece, Mrs. Eula Corder, in Livingston, New Mexico.

Miss Janice Sue Mann

Mann-Kyrish engagement announced

Mr. and Mrs. Wesley R. Mann of Hondo announce the engagement of their daughter, Janice Sue, to Eugene Joseph Kyrish, son of Mrs. Edward Kyrish and the late Mr. Kyrish of San Antonio.

An April 14 wedding in St. John the Evangelist Catholic Church is planned by the couple.

Rites held for Amanda Bohlen

Funeral services were held for Mrs. John (Amanda Grell) Bohlen, 73, who passed away February 7 in Brown's Nursing Home. The services were held February 8, 1973 at 4 p.m. at St. Paul Lutheran Church with Rev. A. M. Hannemann, pastor, officiating. Interment was in the Quihi Cemetery.

Mrs. Bohlen was born September 27, 1899 in Quihi, daughter of the late C. H. and Lenora (Marquis) Grell. In 1929 she married Frank Boehle and in 1939 he passed away. She married John Bohlen in 1940, who also preceded her in death. She was a faithful member of the

Lutheran faith, living in the Quihi community and Hondo.

Also preceding her in death was a brother, Anton Grell, and a sister, Alma Reus.

Mrs. Bohlen is survived by one daughter, Mrs. Harold (Mary Ann) Hartman of Hondo; four brothers, Arthur, Walter, Edwin and Oscar Grell, all of Hondo; granddaughter, Diane Hartman and grandson, David Hartman, both of Hondo.

Serving as pallbearers were Milton Grell, Charles Grell, Kenneth Grell, William Grell, Wilbur Grell and Charles Winkler.

Guinn-Horger Funeral Home was in charge of funeral arrangements.

Emil Riff passes away

Emil G. Riff, age 77, Medina County rancher and farmer, died in Medina Memorial Hospital February 11. Services were conducted at 3 p.m. February 12 in Guinn-Horger Funeral Chapel, Rev. L. S. Dubberly, pastor of New Fountain Methodist Church, officiating. Interment was in Oakwood Cemetery, Hondo.

A son of the late Dominic and Johanna (Bohmalk) Riff, Mr. Riff was born in Medina County December 21, 1895. He was a member of the New Fountain Methodist Church, Herman Sons and Men's Brotherhood of New Fountain Methodist Church. He was preceded in death by two sisters and two brothers.

Surviving Mr. Riff is his widow, Olga Riff, Hondo; son, James Riff, Hondo; daughters, Mrs. Roland (Eugenia) Clement of Garner, Iowa and Mrs. Joe (Ethel) Martin, Hondo.

Also, three sisters, Mrs. S. H. (Mary) Saathoff and Mrs. Emil (Pearl) Wisakowsky, both of San Antonio, and Mrs. William (Myrtle) Glaeser of Austin; and 15 grandchildren survive.

Pallbearers were Nick Riff, Glenn Schweers, Doyle Weber, Craig Clement, Lyle Riff and Bruce Martin.

Arrangements by Guinn-Horger Funeral Home.

Jr. Garden Club News

The Hondo Junior Garden Club met February 7th in the City Municipal Auditorium with president, Chris Cole, presiding.

Mrs. Bruno Schweers, Plant Texas Chairman, Texas Garden Clubs, Inc., was assisted by members of the Hondo Garden Club in presenting a program on "Human Conservation" and "You, Me and the Garbage Can".

Certificates of appreciation were presented by the Junior Club to Mrs. Schweers and the Hondo Garden Club which was accepted by Mrs. Paul Bybee, club president.

Bradley Gwartney led the Junior Garden Club pledge.

The club honored their past president, Alice Geuea, and their present club president by placing their names in the Presidents Book at Texas Garden Clubs State Headquarters in Fort Worth.

Juniors manning the reclamation center March 3rd will be Margie and David Geuea.

The Hondo Jr. Garden Club welcomes youth to attend their meeting the first Wednesday of the month at 5:30 p.m. in the City Municipal Auditorium.

Miss Briggs, Mr. Heiligman to wed

Mr. and Mrs. Frank G. Briggs of Charlotte announce the engagement and approaching marriage of their daughter, Wanda Ann, to John Elbert Heiligman, son of Mr. and Mrs. Jimmie Heiligman of Yancey.

The bride-elect is a 1970 graduate of Charlotte High School, attended Texas A&I University and is presently employed as

elementary librarian in the Charlotte Independent School District.

Mr. Heiligman, a 1967 Yancey High School graduate, earned a bachelor of science degree in animal science from Texas A&I University. He is presently foreman of the Duke Wilson Ranch at Big Foot.

The wedding is planned for March 9 in the First United Methodist Church of Charlotte.

Luz Vidales dies at age 82

Mr. Luz Vidales, 82, passed away in Brown's Nursing Home, Hondo, February 5, 1973. Rosary was held in St. John Catholic Church on February 6 at 7:30 p.m. Funeral service was conducted February 7 at 4 p.m. in St. John Church, Rev. Juan Catoli, H. pastor of St. John's, officiating.

Mr. Vidales was born in Mexico on December 30, 1890.

He is survived by his widow, Manuela Vidales,

Hondo; one step son, also of Hondo; three brothers, Gonzales Diaz and Abraham Diaz of San Antonio and Benedito Diaz of Ohio; 14 grandchildren and 60 great-grandchildren.

Interment was in Guadalupe Cemetery, Hondo.

Pallbearers were Arturo Garcia, Lupe Garcia, Gonzalo Reyes, Trinidad Gonzales, Albert M. Reyes and Monica Hernandez.

Arrangements were handled by Guinn-Horger Funeral Home.

Jeff and Brian Kuempel

Celebrate birthday

Jeff and Brian Kuempel celebrated Jeff's 4th birthday with a trip to Disney World. Along with them were Mr. and Mrs. Carl J. Kuempel and daughter, Jennifer, of Leon Valley, Texas. There was a small birthday party in the home of their parents, Mr. and Mrs. Claude E. Smith.

Kuempel of DeLand, Florida, Feb. 12. Paternal grandparents are Mr. and Mrs. C. J. Kuempel, formerly of Hondo and now residing in San Antonio. Maternal grandparents are Mrs. C. E. Smith of DeLand, Florida and the late Dr. C. E. Smith.

This week

All she wrote

by Edna McDade

February is the month when purple martins return from their South America vacations (some from Canada) to set about the business of decreasing the mosquito population in Texas.

Premont, TX, reports that scout birds arrived there on January 8, last year. If any have reached Hondo, I'm thinking that MRS. THEO CAMERON was the first "watcher" to report their arrival, true to tradition.

And, I hope that any tenants registering at the P M Apartments managed by the H. H. [Mary] RENKENS will be more hospitably inclined than the first few couples that arrived last year.

Mary reported at that time that "their social snootiness was absolutely frustrating to the sparrows who are, by nature such gregarious little busybodies."

Maybe the PMs had never learned about loving their neighbors?

Former Hondoans (who came as "transplants" originally) and who recently became "repatriated Texans" are JIM and NAOMI MYERS who had migrated to Washington, D.C. and Arlington, VA. for a few years. They are now at home in Austin.

Since that city is in much closer commuting distance to & from Hondo, I know the BILL [Jerry] BERGERS, PAUL [Elaine] BYBEEs and WARD [Mrs. Paul] POPE are among their many good friends who will share the joys of more frequent reunions "for auld lang syne."

Who is the little fellow whose picture appeared in the ad last week for MOEHRING's Tru-Value Hardware?

He's a man after my own heart! Never too young to learn the joys of becoming a "Compleat Angler", as Isaac Walton so earnestly recommended, or begin working on convincing alibis for "the one that got away."

How about that MEDINA COUNTY COUNCIL of CAMP FIRE GIRLS, Inc.? I share the community's pride in the honors awarded to those dedicated women who have contributed so much toward the character building of girls who will one day become young women and carry on the traditions of this great organization.

I'll not single the honorees out by name here since the AH covered the story last week and any attempt to add to it might only lead to making the recipients of awards seek cloud-9-space and then, who'd do the chores that forever need doing?

I can add my personal appreciation of their continuing efforts and feel proud that they are "entered on my list of friends."

This seaside city with the self-acknowledged "semi-tropical" climate seems to be all mixed up weather-wise. What's snow and sleet doing way down here?

The neighborhood's boys and girls loved it, showed no signs of remorse that school was dismissed for the day, and by mid-morning Friday the sun crept out apologetically from behind the clouds, promising to be back on a more dependable schedule soon.

Our regular bird boarders made short work of their day's rations and I think the consensus was "We shall return!"

For those of us who like "yams" (never mind the calories) it is sad news that the USDA has discontinued its sweet potato eradication program. No funds. More weevils than money left at the end of 1972. So, out goes the Texas state-federal cooperative program of survey and treatment and in come the weevils.

We'll just have to try to see-no-weevil, hear-no-weevil and eat-no-weevil. Another no-no among life's complexities.

CASTROVILLE is to be complimented on the current brochure distributed by that city's Chamber of Commerce. One made its way to my address and I enjoyed pictures and text.

Appealing is the invitation to attend the annual St. Louis Day festival: "Y'all come and bring an empty appetite!"

This year's date for the celebration is August 25. Leaves plenty of time to bring the same appetite and a not-too-empty pocketbook to Hondo's annual MEDINA COUNTY MUSEUM DAY, scheduled for Saturday, May 5, el Cinco de Mayo.

And Hondoans can make plans ahead to return Castroville's neighborly visit which we're counting on.

Iota Upsilon meets

Self enrichment through "Understanding Truths of Marriage" was the topic of the program presented by Rev. Robert Silverman of San Antonio. This was the

sixth in a series of discussions.

The theme of self enrichment through pursuit of excellence was introduced earlier in the year by the program chairman, Mrs. John H. Jennings.

The members of Iota Upsilon met in the home of Mrs. Fred Bader with Mrs. Hilmer Mueller serving as co-hostess.

Fohn's White Auto has
wide selections

Fohn's White Auto
opened for business 14
years ago on August 1,
1959.

The store has outgrown
its original dimensions and
today includes separate
service, furniture and
hardware sections.

Joe Fohn, owner and
operator of Fohn's White
Auto, takes personal pride
in seeing that the products
sold there are of the
highest possible quality,
and that the best service
after sale is given.

Some of these products
are household names, such
as the White 'Magic 50'
tires, a brand which has
been sold successfully
since White's stores first
opened in the 30's.

Today's Magic 50 is a
steel radial tire with a
40,000 mile guarantee.

who is at center, keeps the office.

In addition to tires,
White's batteries find
many satisfied buyers at
Fohn's, and have helped
him to supply more

batteries for trucks, cars,
and tractors than any
other Medina County
supplier.

Fishing and hunting
goods, as well as complete
lines of equipment for
baseball, basketball and
football are on hand.
Golfing equipment is avail-
able on order. An avid
hunter, Joe Fohn buys,
sells and trades old guns
at the store.

With spring and sum-
mer approaching, Fohn's
has enlarged its stock of
summer goods. A large
selection of barbecue grills,
lawn furniture, and lawn
and garden tools is in
stock. Parts and service
for all edgers, mowers and
tractors are available at
Fohn's.

Three employees accom-
pany Joe and Elizabeth

Hondo Sears is home-owned

Research and statistics started accumulating in the mind of Henry Nietenhoefer back in 1966. The idea became stronger as time went on, but caution and patience always should be a point in business, so he waited to be sure.

Much consideration and planning with Sears Roebuck & Co., Dallas, Texas, finally brought this business to reality when a suitable building became available in 1969.

Sears Roebuck Hondo opened its doors for customer service on May 16, 1969.

Since then, it has strived to increase customer service, merchandise, and courtesy toward winning new customers, while remaining faithful to old customers as well.

With this in mind, Sears Roebuck Hondo stands out as a Home Owned and

Home Operated business. Sears supports many different local charities and organizations.

Mary Seifert started with Hondo Sears in June of 1969, and she has helped the business grow by maintaining the efficient bookkeeping system.

In September of 1972, Freda Nietenhoefer started working in the telephone sale and order department.

Hondo Sears' policies are: "Shop at home by phone" - call in your orders and Sears will see to it that you receive your merchandise.

"Shop and Save the Sears Way" - Sears tries to give you the best values at the lowest sale price possible.

"Use Sears Credit Plans" - Sears will charge any item to your Sears Revolving Charge Account or Easy Payment Plan.

"We Service What We

SMILING SERVICE IS YOURS AT SEARS

Sell" - Sears of Hondo has trained servicemen to service all major appliances.

Sears has a long history of the finest brand name merchandise, such as All State tires-belted, non-belted, and radial; Die-Hard batteries; Craftsman hand or power tools, lawn mowers, edgers, and a complete line of yard and gardening equipment.

Delony's Jewelry here

since 1947

When I came here during the war, reminisced Frank Delony, - I was struck by the especially high number of good folks around here, so I just stayed when they shut down the Airbase.

Delony came to Hondo with all the other thousands of GIs who called Hondo Air Base their temporary home. A married soldier, he and his wife took a room in town and began getting acquainted with Hondo people during the war.

When peace came, Delony attended watch repair college, graduated and returned to his adopted city to open a jewelry store. Actually watch repair was not a far jump from his wartime occupation of aircraft instrument repair.

The store officially opened for business on August 7, 1947. For the next 25 years, until the present (and into the future), Delony Jewelry has continued to fill a need in Hondo for competent watch repair and fine jewelry and dinnerware sales.

MR. AND MRS. FRANK DELONY ARE INTERESTED IN ANSWERING ALL YOUR JEWELRY NEEDS.

Today, the finest Bulova watches, the Accutron and new Quartz models, are available at Delony's, along with Seiko watches and Speidel watchbands.

In addition, rings from birthstone and dinner rings to fine diamond engagement sets are sold, made by such respected names as Keepsake and Starfire.

Earrings, ID bracelets, necklaces, pins, general and religious jewelry also are on Delony's shelves for the buyer.

Frank Delony keeps track of modern advances in the art and science of watch repair by attending seminars offered semi-annually.

He and his wife, Elva, have five children. The oldest, Mary Gray, lives in LaPryor.

Clarence Heinlein resides in New Jersey; James, Jr. attends a Technical Institute at Waco, and Debra and Trent are students at Hondo High School.

Finger's Fashions serves ladies

Beginning March 15, 1971, Veda (Mrs. Jerome) Finger opened her dress shop in Hondo.

Taking over the store which then was owned by Mrs. Erna Hollmig, Veda moved the business about three doors south into a larger, remodeled store, and renamed the shop Finger's Fashions.

Finger's Fashions has grown into an important part of Hondo ladies' shopping habits.

They know that ready-to-wear clothing from Finger's Fashions is high quality, brand-name merchandise they will be pleased to wear.

Brand names such as Bleeker Street, Toni Todd, Charm of Hollywood, Modern Junior and Junior House provide a wide selection of clothes for Ladies, Junior, and Petite sizes.

Lingerie by Playtex, as well as Tex-Seen add to the quality inventory at Finger's.

Along with the business, Veda Finger acquired the services of her present saleslady, Celia Dominguez. Along with Celia, Finger's also employs Janey Torres, and Ella Woods. All are real professionals, with a good knowledge of the tastes and needs of Hondo's lady shoppers.

Ben Franklins not just 'dime store'

Many Hondo housewives know Ben Franklin's for the gardening center there, and for the wide selection of patterns and piece goods for sewing at home.

The kids like Ben Franklin's for the toy counters, as well as the ample stock of school supplies.

And anyone can appreciate the wide range of gift items, clothes, tapes and records in stock at Ben Franklin's.

It is truly a family store, owned and operated by Laura Windrow.

In 1967, in early January, Laura Windrow acquired what was then Dawson's 5-10c Store on 18th St. in Hondo.

The next year, she moved across the highway to its present location, and became Hondo's franchised Ben Franklin store. The new building was originally known as the Rath building, and had contained a bakery and cafe.

For the new store, the two rooms were consolidated and remodeled, and parking space was added in the rear of the building.

Today, the Ben Franklin store carries a wide range of items. In addition to Mrs. Windrow, sales personnel include Pearl Rucker, Elvira DeLeon and Domingo Torres.

They are dedicated to treating customers fairly, and dealing with them in a friendly, courteous manner.

KRME anniversary dance offers bands, fun, queen candidates

Rosa Contreras

The second annual KRME Anniversary Dance will be held Monday night, February 26th, in the Hondo National Guard Armory with a total of eight bands already lined up to appear for the

celebration. The celebration marks the third anniversary of Radio Station KRME which went on the air in February of 1970.

Groups who have already accepted invitations to attend the anniversary dance are Los Peppers, Los Colegas and Los Originales from Laredo. Los Fabelosos 4 from McAllen, La Revolucion Mexicana from Austin, Johnny Canales from Corpus Christi, Manuel Guerrero from San Antonio and Ramon Villa of Hondo. The station is also planning a live remote broadcast from downtown Hondo Monday afternoon to start the day's activities. The remote will feature another top group and will be broadcast from 3-4:30 p.m. during the regular Caravana Musicales Program with host Armon-do Gonzales.

In addition to the music, five area girls will be competing for the crown of Miss KRME. They include Josephine Aguirre of Castroville; Rosa Linda Contreras of Bandera; Mary Gutierrez of Natalia; Anna Cortez of Devine; and Rosa Maria Contreras of Hondo. The winner and her court will be announced during the dance.

Once again the station will provide a dinner for several hundred invited guests including governmental and school officials from throughout the area. Also invited to attend are Congressman Abraham "Chick" Kazen and new singing sensation Johnny Rodriguez of Sabin. Guests of the station will also include their advertisers and their wives.

Tickets are on sale at the KRME Building in Hondo and will be available at the door the night of the dance. Tickets are price at \$2.00 for children under 12; or \$4.00 per person and \$7.00 per couple. Once again this year only the capacity of the National Guard Armory will be sold.

COME ON--we'll fight you. And that is just what this group of youngsters did to employees of Hondo Lumber Co. according to

the report. It seems the employees invaded their territory at Veterans Park and were driven off. But, back they came with

garbage can lids as shields and plenty of zeal to muster a charge. But to no avail! They were defeated and pulled a strategic

retreat. But not so, the photographer. Or not in time anyway, for one of the snow missiles hit true to its aim and broke the

shield over the flash unit on the camera. [Photo by Ted Mendoza]

Gilliam Ranch receives award

Odie and Ralph Gilliam of the Gilliam Ranch, Tarpley Route, Hondo, are receiving an award for sorghum growing know-how. Announced by the Producers of Funk's G-Hybrids, the award is being made for Gilliam Project 25 yield which averaged 4425.5 pounds per acre from a measured 93 acres of Funk's G-522.

Project-25 was introduced by The Producers of Funk's G-Hybrids to offer sorghum growers something more than just a high yield grain sorghum production contest. Its goal is to help growers boost sorghum yields and per acre profits.

All competitors in national Project-25, whether in the dryland or irrigated division, harvest a minimum of 25 acres from one acreage and correct yield

to 14 percent moisture. All figures are validated by a disinterested witness.

Ralph and Odie planted their dryland division Project-25 field on March 15, 1972, in 36-inch rows. They harvested on July 20, 1972 at which time plant population was 62,500 per acre. Fertilizer was used at a rate of 33 pounds per acre.

Project-25 contestants submit information regarding their cultural practices including planting and harvesting dates, seeding rates, fertility applications, soil preparation practices and pesticide use. The agronomic information from harvest records is computerized. This wealth of sorghum growing information is then summarized and shared with all sorghum growers.

FHA meets

Hondo Chapter II of the Future Homemakers of America met Monday, Feb. 12, for a regular business meeting.

A skit was done to explain the meaning of the project. Encounter, performed by some of the FHA girls.

The trip to the area convention was discussed. It will be held in San Marcos Saturday, March 3.

We decided to donate old belongings to a children's home.

UVALDE--Gov. Dolph Briscoe will give the major address at the dedication of the new Texas A&M University Agricultural Research and Extension Center at Uvalde on the afternoon of February 17.

The governor also is to address the annual membership meeting of the Uvalde Chamber of Commerce that evening.

Time of the Center Dedication is 1:30 p.m., according to Dr. H. O. Kunkel, dean of the College of Agriculture at Texas A&M.

An open house is planned for visitors following the dedication. They will have an opportunity to meet staff members and tour the Center complex, situated on Garner Field Road near the airport.

"The Uvalde Center, one of 11 joint research and Extension centers planned or operating across Texas, is among the finest facilities of its kind in the state and nation," Kunkel said. It evolved through the cooperative efforts of the Texas Agricultural Experiment Station, Texas Agricultural Extension

Service, Uvalde Area Development Foundation, Inc., many area civic groups and citizens," he explained.

Kunkel will serve as program chairman for the Center dedication.

The invocation will be given by the Rev. H. Lee Griffin, minister of the First Methodist Church, Uvalde.

Introductions will be made by Dr. Jarvis E. Miller, Experiment Station director, and Dr. John E. Hutchison, Extension Service director. Texas A&M president, Dr. Jack

K. Williams will introduce the governor.

Briscoe will speak on "New Opportunities for Service".

Responding will be Clyde H. Wells of Granbury, president of the Texas A&M University System Board of Directors. Salutations will be given by Howard Langford, Uvalde mayor; Wayne Matthews, president of Southwest Texas Junior College at Uvalde, and B. K. Johnson, owner of the Chaparrosa Ranch at LaPryor.

Besides Board President Wells, other members are also expected to attend.

The Center, built by B-F-W Construction Co. of Temple, contains an auditorium, classrooms, offices and laboratories for Extension specialists and Experiment Station researchers. It serves as headquarters for task force teams in livestock, wildlife, agronomic and horticultural crops and range fields.

Experiment Station personnel at the Center are Dr. Stewart H. Fowler, resident director of research, and Dr. Lytle H. Blankenship, associate professor in wildlife science. Other scientists will be added to the staff in the future as funding becomes available, said Director Miller.

Uvalde became headquarters for Extension District 13, a new supervisory district of the Extension Service created in the fall of 1971, making a total of 13 such districts. Staff members moved to the new Center several months ago.

Doyle L. Moore and Mrs. Gloria Schwarzklose are the district Extension agents. On the specialist staff are Dr. Richard S. Bjerregaard, area range specialist; Dr. Edwin Colburn, area agronomist; Dr. Leroy Hoermann, area livestock specialist; Kenneth E. Graeber, area economist - management; and Dr. Milo Shult, area wildlife specialist.

Also assigned to work in Extension District 13 are Jack L. Groff, sheep and goat specialist based at Kerrville; and Sam D. Cotner, area vegetable specialist, headquartered in San Antonio.

Eighteen counties comprise Extension District 13. They include Atascosa, Bandera, Bexar, Comal, Dimmit, Edwards, Frio, Hays, Kendall, Kerr, Kinney, La Salle, Maverick, Medina, Real, Uvalde, Val Verde and Zavala.

The public is invited to attend the dedication and open house.

Amn. Mann
to Kelly AFB

DENVER--Airman David T. Mann, son of Mr. and Mrs. Wesley R. Mann of Yancey Star Route, Hondo, has graduated at Lowry AFB, Colorado, from the U.S. Air Force inventory management specialist course conducted by the Air Training Command.

Airman Mann, trained to inventory supplies by use of electronic data processing machines, is being assigned to Kelly AFB, Texas.

The airman, a 1971 graduate of Hondo High School, attended Southwest Texas Junior College in Uvalde.

Dump ground
site sought

Go ahead signal was given Tuesday night for Lloyd Hermes, Superintendent of the Street Department, to proceed with work to submit application for a new dump ground.

State Health Department representative Wise visited the proposed site, which is located in the northwest corner of the Airbase property some four miles from town, and agreed it is suitable.

Hermes also reported that City Health Officer Dr. W. S. Duty visited the site and declared it "the best in the county."

Council voted for Hermes to continue preparing material for submission to the State Health Department requesting the city be allowed to utilize this area.

Vehicle bids
authorized

Wheels are needed for city employees to perform their assigned tasks, and the City Council Tuesday night took this into consideration when they approved the advertising of bids for two vehicles.

First, the Council approved a pickup truck for the Street Department.

Secondly, they approved the purchase of a new car for the Police Department. Bids will be called on both vehicles and will be opened at the next City Council meeting on March 13.

Hermes said his department needed another pickup so that his assistant David Montgomery could have a vehicle to use for work with crews on various locations.

Police Chief Jerry Williamson reported that one of the police cars has 91,000 miles, another has over 60,000 miles and the third about 12,000 miles. The two older ones are costing about \$258 per month in repairs according to Williamson's report.

He also said the three cars used 41 quarts of oil during the month of January.

Councilman Hilmer Mueller pointed out the cars were not actual police cars. "They were bought for patrolling not chasing speeders," he said.

Mr. Paul McAnelly passed away in San Antonio

Paul DeSha McAnelly, 78, of 211 Wyndale, San Antonio, passed away Wednesday evening, February 7, in a San Antonio hospital after a lingering illness.

McAnelly was born in Devine and had lived all of his life in the Devine-Yancey area until he retired in 1969.

A rancher, he had been very active in the production of Black Angus cattle which he often supplied to young 4-H Club members.

A life-long member of the Methodist Church, he was also a member of the Yancey and Hondo Masonic Lodges. He had served as trustee of the Yancey School Board as well as the Devine Methodist Church where he was a member of the choir for many years.

One of eight sons of the late Pleasant E. and Mary Redus McAnelly, he was married in 1917 to the former Fannie Wilson of

Yancey. In addition to his wife, he is survived by a daughter, Mrs. Pauline M. Wilson; one grandchild, Miss Helen Anne Wilson, all of San Antonio; one brother, Stanley C. McAnelly of Ranger; and

numerous nieces and nephews.

Services were held at Porter Loring Mortuary in San Antonio at 1 p.m. on Saturday with burial in the Yancey Cemetery. Dr.

Barcus Moore, pastor of St. Andrew's United Methodist Church, officiating.

Pallbearers, all nephews, were John E. McAnelly of Hondo, G. C. McAnelly of Pearsall, C. W. McAnelly

of Houston, Dick McAnelly of Castroville, Edwin C. McAnelly and George McAnelly of San Antonio, Robert C. McAnelly of Austin and Stanley M. McAnelly of Dallas.

Cowboys capture basketball title

The D'Hanis Cowboys have taken their first District Championship ever with a 69-58 win over Knippa on February 2.

The boys, coached by Herman Schlott, will advance to bi-district against Nueces Canyon on February 27 (Tuesday).

The district championship came as a happy surprise to the school which is a perennial football power but a rare round-ball crown-wearer.

It also came as a result of much hard work and spirit on the part of the players, who fought from behind to win several times during the season.

The Cowboys found the going not too hard in their final regular season game as they led the Knippa Rock Crushers in every quarter to capture the crown.

Paced by Bobby Joe Rothe's 32 points, the Cowboys amassed a 57 percent shooting record for the evening. Mario Rodriguez collected 14 points, and David Nester netted 11. The Rock Crushers were led by Balzen, who had 14 points.

Nueces Canyon wrapped up their third district title in a row as they defeated Medina by a 56-34 margin. Norman DeLeon led the scoring with 20 points, followed by James Ward with 13, and Mike Brown with 12.

The Panthers are no newcomers to the playoff circuit. Theirs is the third

district win in a row.

Last Tuesday night, D'Hanis took on Sabinal's Yellowjackets in a basket-

ball game which saw the Cowboys fall by a 62-52 margin. That game brought the overall record for the Cowboys to 14-4, as the district record remained at 7-1 for the season.

WGA tourney held

Winners in the blind partner tournament held Tuesday sponsored by the Hondo Women's Golf Association were Ardyce Vincent and Cappy Heyen.

A covered dish luncheon was served to the seven contestants.

There is a meeting scheduled at the home of the president, Inez Short, on Monday, February 19th, at 7:30 p.m. Anyone interested in joining the Hondo Women's Golf Association is cordially invited to attend.

Playday is scheduled for Tuesday of each week at ten o'clock in the morning.

Winning Antlers

Winners in the Hondo Young Farmer Chapter contest for the set of antlers with the widest spread and most points were announced at the Young Farmers January membership meeting. Duane Baker, left, is shown with his winning entry with the widest spread and Floyd Saathoff, right, holds his winning entry with the most points. Young Farmer president Wilbur Lindeburg looks

on, enviously. Entries were limited to Young Farmer members and deer had to be killed in Medina County. The same set of antlers could not win both contests. Earlier in the evening the Young Farmers enjoyed a barbecue supper and heard a program on Futures Trading presented by Stan Newding, a broker for a large investment firm in San Antonio.

CHAMPIONSHIP WINNERS--Raymond and Velma Finger point out that they are the 1973 Rook Champions, and have a scoreboard to prove it.

CONSOLATION WINNERS--Alma Zerr (left) and Alice Koch weathered a five-team playoff after the regular tourney to take Consolation honors in the D'Hanis Rook Tournament.

Fingers hold top cards as Rook Tourney ends

A new Rook couple has been proclaimed Number 1 for 1973, and they seem to enjoy the honor.

The Second Annual D'Hanis Rook Tournament ended Sunday with a new set of winners.

Mr. and Mrs. Raymond Finger of Hondo took home their cash prize as winners of the Upper, or Championship Flight.

The Fingers, you will recall, wiped out their competition last week to finish the first round undefeated, at five wins and no losses.

This Sunday, they had a single blemish on their record, and finished regular play at a respectable 9-1, better than last year's winning record of 8-2.

But the Fingers were being matched all along, game for game, by the team of Dealia Koch and Marie Finger who also finished at 9-1.

A special playoff game had to be arranged after regular tournament play,

and Raymond and Velma took a close victory to win the money.

Things weren't so simple in the Consolation Flight, where no fewer than five teams shared identical 6-4 records when play ended.

A mini-tournament was hastily planned, and the

fight for Consolation was on.

The teams of Alma Burks and Mary Wolff, Jim Ruby and Oliver Reinhart, Bud and Bonnie Groff, Alice Koch and Alma Zerr, and Dorothy Rothe and Norma Rothe, all were involved in the playoff.

By 8:15 p.m. Sunday night, the final card fell, and Alma Zerr and Alice Koch took the Consolation prize.

The tournament has been sponsored by the D'Hanis Lions Club, and all proceeds will go to much-needed flood control projects in D'Hanis.

Outdoor classroom proposed for Hondo school district

Members of the faculty of the Hondo Schools heard Soil Conservation Service representatives propose an outdoor classroom program in a school. As a place for creative learning experiences, it gives depth, meaning and new dimensions to generalizations about and the understanding of man's relation to his environment. It provides young citizens an opportunity to learn how they are dependent on our natural resources, and how man's use and care of soil, water and air affect our environment. Much can be learned from textbooks, lectures and discussions, but in an outdoor classroom, children learn directly from the natural environment as well as about it.

Darwin Schrader, Range Conservationist, Glenn Dittmar, Soil Scientist, and Jerry Turrentine, Biologist for the local SCS Field Office in Hondo, showed slides and presented resource material on outdoor classrooms to about 80 teachers and administrators in the High School visual aids room. A scale drawing of the Meyer and McDowell school grounds was shown and possible sites for an outdoor classroom were discussed. A question and answer period followed the discussion.

It was explained that an

outdoor classroom is designed to supplement and stimulate the environmental conservation education program in a school. As a place for creative learning experiences, it gives depth, meaning and new dimensions to generalizations about and the understanding of man's relation to his environment. It provides young citizens an opportunity to learn how they are dependent on our natural resources, and how man's use and care of soil, water and air affect our environment. Much can be learned from textbooks, lectures and discussions, but in an outdoor classroom, children learn directly from the natural environment as well as about it.

By observing, classifying, measuring, analyzing and interpreting phenomena, children gain not only

essential learning skills but also an idea of their own relation to the natural world.

Each outdoor classroom is an individual project. It must be planned according to the size and shape of the area available and to the topography, climate, geologic features, geographic location and special resource problems of that site.

The decision to build an outdoor classroom usually comes long after school buildings and facilities are in place on a site. The unused parts of a site, perhaps those too hilly, too wet or otherwise considered undesirable, may be ideal for an outdoor classroom. Generally, a conservation plan for the entire school site is needed.

IN THE BATTING CAGE

SHOWMANSHIP AWARDS--presented by the Hondo Young Farmers, were presented to these three youngsters at the Medina County Stock

Show for their good presentation and handling of their animals in the show. Winning in the swine division was Bill Allen of the Devine FFA

(left); Shirley Wurzbach of Rio Medina 4-H for her steer, and Albert Rodriguez of the D'Hanis FFA for the sheep division.

They really did it!

Owls win district title

Son-of-a-gun! The Owls really did it. The team that wasn't supposed to be even a contender for District 28-AA's title has just knocked down the last "contender" by defeating Dilley 57-48 at the local gym. That win boosted Hondo's record in district

play to 10-2, just out of reach of any other team. Meanwhile, Pearsall was being beaten by Devine 61-58. That loss meant that even if Hondo had lost to Dilley, the championship still would have been theirs.

The Owls will advance to Bi-District play against the Randolph Ro-Hawks. The Bi-District game will be played next Monday or Tuesday, probably in San Antonio. The Bi-District winner will advance to a Regional tournament.

The Owls rallied Tuesday night from a 29-26 halftime deficit, holding Dilley to only two points in the third quarter as they built up a 42-31 lead after three quarters. The Owls held off a final quarter rush by Dilley for the district title.

Keith Ligon paced the Owls with 18 points while Doug Helvey added 14 points. Richard Ewald scored 12 points for the Wolves while Kelly Shull scored 11.

The win gave the Owls a 10-2 District mark and an overall record of 13-6 for the 1972-73 season.

The Pearsall Mavericks scored an impressive 70-45 win over the Hondo Owls Friday night in Pearsall, to pull within one game of the lead for the District 28-AA crown.

The Mavericks completely controlled Friday night's game, opening up a 33-13 lead at halftime. In

the third quarter at one point, the Owls were down by 32 points. Both teams substituted freely in the final quarter.

Dave Studdard paced the winners with 34 points, and Steve Wilson added 20 points.

High scorer for the Owls was Keith Ligon, with 17 points, followed by Mike Groff, who added 12 points.

The two teams did not play a Freshman or B-Team game Friday because of the possibility of freezing roads late Friday night.

The Owl Freshmen and B-team also posted victories. The Owl Freshmen trounced Dilley 58-32 with Alex Mendoza scoring 10 points and Manuel Cardena adding 14 points.

The Owl B-Team led all the way in a 62-41 win over the Dilley B Squad. Bobby Rios scored 18 points for the winners while Mark Mattingly of Dilley paced both teams with 24 points.

Hondo's Paul Richards scored 18 points in both games as the 6-4 freshman scored 8 points in the Freshman game and then came back to score 10 more in the B Team game. The Owl Freshmen closed the season with a 13-2 record. Both losses came by just one point. The B-Team closed their season with a record of 12-3. Combined Hondo teams had a basketball record of 38-11 for the season.

Ro-Hawks eye bi-district

The Randolph Ro-Hawks have already been assured a District 27-AA Championship.

They clinched their crown Friday night with a 36-34 victory over Cole, to enter their first post-season playoff since 1966.

The Ro-Hawks have risen to basketball heights behind the 20.2 shooting average of Don Desso, a 6-3 senior. Desso was All-District last season, and has netted a total of 464 points in 23 games, topping 30 points in three

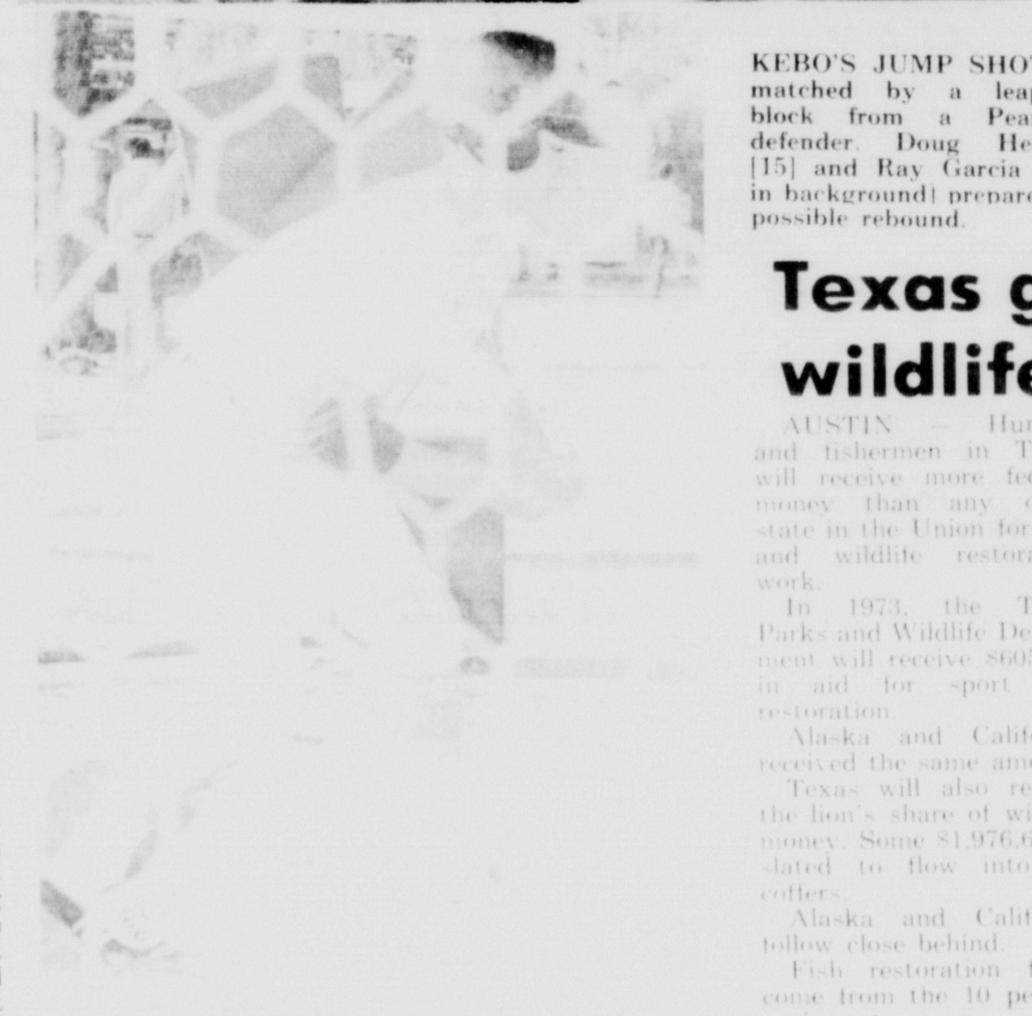

games. Against Poteet last week, he sank 39 points.

Aside from Desso, Randolph has a balanced attack in Jim Roller, Ed Schmidt and Tom Ivory. Roller has a 15.1 point shooting average.

So far, Randolph has not lost to a 2-A team in their 19-5 record. That record came close to being shattered last week as Cole put on a brilliant stalling action, which held Desso to 16 points. But it was Schmidt who sank two free throws with one second remaining to capture the 36-34 win for the Ro-Hawks.

KEBO'S JUMP SHOT-is matched by a leaping block from a Pearsall defender. Doug Helvey [15] and Ray Garcia [14, in background] prepare for possible rebound.

THAT TIME OF YEAR AGAIN
Baseball season arrived at Hondo High School last week, and practice is underway for then first game, in March.

Baseball tryouts slated

Tryouts are being held by the Hondo All Star baseball team and players are urged to participate.

Manager Eddie Ytuarte says tryouts will be held at 1:30 p.m. the first Sunday in March (the 4th) at the Pruneda American Legion baseball field.

Players may be from Hondo or any surrounding town, Ytuarte pointed out.

Ytuarte also is seeking games with other teams and asks them to write him at Box 64, Hondo, or call 426-8816.

Pro-Am set Saturday

Mid-winter golfers will tee up Saturday, February 17, at Hondo Municipal Golf Course, with a Pro-Am tournament.

Fee for entrance is set at \$5 plus green fee, and the tourney will begin with a shotgun start at 1 p.m. Entry deadline is set at 12 noon of tourney day.

Competition will be limited to 72 players, so send your handicap and fees today, to Virgil Krenmueller, Hondo Golf Course, Hondo, Texas 78861.

Any questions about the tourney or any other golfing matter can be answered by calling 426-8825.

Texas gets fish, wildlife money

AUSTIN — Hunters and fishermen in Texas will receive more federal money than any other state in the Union for fish and wildlife restoration work.

In 1973, the Texas Parks and Wildlife Department will receive \$605,000 in aid for sport fish restoration.

Alaska and California received the same amount. Texas will also receive the lion's share of wildlife money. Some \$1,976,620 is slated to flow into the coffers.

Alaska and California follow close behind.

Fish restoration funds come from the 10 percent excise tax on certain articles of fishing tackle. Distribution is made by the federal government to the states according to a formula based on the

number of fishing license holders and the geographical size of the state.

Wildlife restoration funds are derived from the 11 percent excise tax on firearms and ammunition and the 10 percent tax on pistols and revolvers.

The Parks and Wildlife Department uses the federal money for most wildlife research, hunter safety and development activities such as stocking walleye and striped bass in Texas reservoirs, white-winged dove studies and wildlife disease programs.

In addition to excise tax-derived funds, Texas is also one of seven states that annually receives the maximum apportionment of \$228,000 in the Federal Aid to Commercial Fisheries Research and Development Act.

Two Reasons Why You Should Plant FUNK'S G-522 Grain Sorghum

1. PERFORMANCE

HUNDREDS OF FARMERS THROUGHOUT TEXAS HAVE REPORTED OUTSTANDING RESULTS FROM PLANTING FUNK'S G-522. Here are a few examples:

NUECES COUNTY—C & H Fischer Farms. "Funk's G-522 threshes real good and the bushel weight is high. The G-522 has had excellent germination for three years. The stalks are short, stout and stand up. We prefer G-522 and plan to plant more in 1973."

FRIO COUNTY TEST PLOT
Funk's G-522 was Number One in the test with a yield of 4,470 p.p.a.

WHARTON COUNTY—A. J. Stolle produced 6,330 p.p.a. with G-522 last year. He commented, "I am very pleased with the performance of Funk's G-522. It has strong, vigorous germination and grew off good. I like the way it heads evenly and its good, strong stalks."

FORT BEND COUNTY—Raymond Vacek. "G-522 yielded 6,225 p.p.a. for me this year. I think it is a great grain sorghum. It has good stalk quality and a big head. I will plant it again next year."

DEWITT COUNTY, Melvin Straube. "I have planted G-522 for four years and it has outyielded any other variety I have ever planted. G-522 doesn't drown out in a wet season and it will stand up better than any other hybrid during drouthy weather."

CALHOUN COUNTY, County Agent Test Plot—Funk's G-522 yielded 5,390 p.p.a. and was first in a test of 17 hybrids.

NUECES COUNTY—B. L. Teter. "G-522 maize is the best sorghum in the Corpus Christi area. 1972 was my fourth year to plant this hybrid. I think it's the best and will plant ALL G-522 in 1973."

WILSON COUNTY, Felix Doege. "G-522 came up to a good stand for me. It has good foliage and short stalks. I've planted G-522 for three years. It has been a good, consistent yielding hybrid for me each year."

2. FREE GIFTS

EACH PURCHASE OF SIX BAGS OR MORE OF FUNK'S G-522 EARNS A FREE GIFT.

Classroom Discussed

Darwin Schrader, range conservationist for the Soil Conservation Service in Hondo, is shown as he speaks to faculty members of the Hondo School District last Tuesday morning, February 6, on the possibility of setting

up an outdoor classroom. Schrader and other representatives of the SCS showed color slides and presented plans for using a portion of the Meyer and McDowell school grounds for the development of an outdoor classroom.

de los Santos will speak before TSTA

A representative of the Texas State Teachers Association, Roger de los Santos, is scheduled to speak to the Medina County Local Association of the Texas State Teachers Association on February 19 at 7 p.m. in the D'Hanis High School Cafeteria, D'Hanis.

De los Santos' subject will be "Progress Report of the Texas State Teachers Association's Legislative Program."

De los Santos has served as a classroom teacher, both at the elementary and secondary levels.

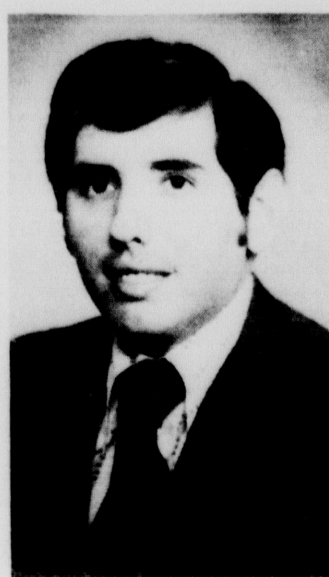

He has been active in both local and district professional association work and has had much experience in the field of bilingual education and special education. As a coordinator-counselor for the Neighborhood Youth Corps, he worked with

culturally disadvantaged young people.

De los Santos is one of three staff consultants to the Texas State Teachers Association Human Relations Committee. This committee works to improve inter-group education and to improve pupil and teacher attitudes and behavior. He also serves as staff contact for the Texas Association for Bilingual Education, a state affiliate of TSTA.

De los Santos received his college education at Victoria Junior College, Southwest Texas University, St. Mary's University, and the University of Texas.

He is a member of the Texas State Teachers Association, National Education Association and National Education Field Service Association. He is married and resides in Austin.

Mr. de los Santos

Here in Hondo

Mr. and Mrs. Arthur Schulte, Mr. and Mrs. Henry Schulte and Mrs. Bertha Hartman visited Mrs. Hulda Wiemers at the Four Seasons Nursing Home Sunday.

They also visited in the home of Miss Othea McKay and Miss Vernell Wiemers in Temple, Texas.

Brown's Nursing Center News

Mr. Joe Ivey Miller of San Antonio visited Mrs. Emma Love this week.

Mr. and Mrs. Dan Burell of Castroville visited their mother, Mrs. Regina Burell, Saturday.

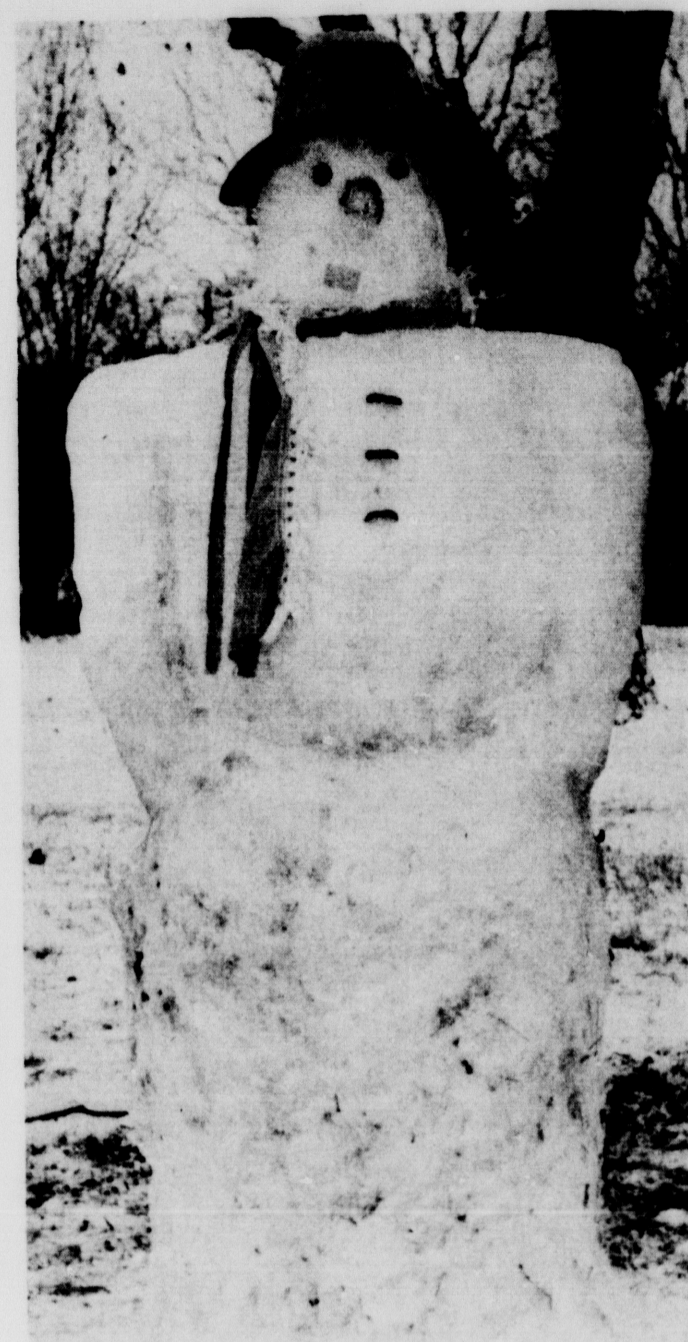

Mr. and Mrs. E. L. Barrow, Jr. of San Antonio visited their grandmother, Mrs. Olive Crow, Saturday.

The long distance visitors during the week were Mr. and Mrs. Dewey Kent Pichot of Dayton, Ohio. They visited Mr. and Mrs. W. F. Pichot, who are residents of the nursing home.

Mr. and Mrs. Richard Ahr and Mrs. Dan Burell visited their mother, Mrs. Regina Burell, Friday.

Red Burell was a visitor of his mother on Sunday. Also visiting Mrs. Regina Burell on Sunday were her other children, Mrs. Milton Bendele and Mr. and Mrs. E. C. Braun.

The ladies of St. Paul Lutheran Church and Rev. Hannemann had church services for all of the residents at the nursing home Sunday afternoon.

Big Man, Briefly

This is one of dozens of snow men that dotted Hondo on Friday after some two to three inches of snow fell on the area. School was out and children young and old, had a wonderful time making snowmen and engaging in snowball fights. (Photo By Ted Mendoza)

13 Medina County 4-H'ers to show animals in Houston

Thirteen Medina County 4-H'ers will go all the way to Houston this year to show their animals. Rene Gilliam, Clinton Elliott, Walt Elliott, Rob Wurzbach, Wayne Rodgers, Bill Allen, Shirley Wurzbach, Paula Moos, Karla Helvey, Karen Howard and Marsha Smith.

Medina County 4-H Club members, will be entering livestock in the judging contests at the 1973 Houston Livestock Show and Rodeo. The Houston Livestock Show and Rodeo is growing, growing, growing! Each year the number of entries increases and 1973

entry figures prove this is the largest livestock show in the world. Even with the recent expansion, the Livestock Exposition Building will be bulging at the seams with classes provided for 10 beef breeds, 5 dairy breeds, 6 swine breeds, 11 sheep breeds, 6 horse breeds, 5 rabbit breeds, 22 poultry

breeds and Angora goats. In addition, a record number of auction sales will be held during the first four days of the show. The Houston Livestock Show and Rodeo, "The Show With A Heart", does more to benefit youth on a statewide basis than any show in the country. Scholarships in the amount of \$4,000 each are presented annually to outstanding and deserving FFA and 4-H Club members. Currently, 85 students are attending college on scholarships provided by the Houston Livestock Show and Rodeo. In addition, twenty-two scholarships of \$1,000 each will be awarded to winners in each of 22 counties participating in the show's area Go-Texan program.

The Houston Livestock Show and Rodeo was the first such show in the country to underwrite Agricultural Research. The Research Program was established in 1970 and 11

Texas agricultural colleges are participating in this program. Much of the work is done by the students themselves, thus providing jobs for those college students who need to work. Some \$100,000 is set aside annually for the Research Program and the knowledge gained directly benefits Texas agri-business.

The '73 show opens February 21 and runs through March 4. Nine great entertainers are scheduled to appear at the rodeo. They are: Charley Pride, February 23; Sonny & Cher, February 24 and 25; Merle Haggard, February 26; Rick Nelson, February 27; Sonny James and Donna Fargo, February 28; The 5th Dimension, March 1; Engelbert Humperdinck, March 2 and 3; Jackson Five, March 4. There's someone for everyone! Tickets may be obtained by writing Houston Livestock Show and Rodeo, P.O. Box 20070, Houston, Texas 77025.

Social Security questions & answers

QUESTION: I started farming 2 years ago, and I've been operating at a loss since I began. My neighbor told me I still can get social security credit for these 2 years. Is he right?

ANSWER: He may be. If your gross farm income was as much as \$600 a year, you may be able to get social security credit. You should get in touch with any social security office to get all the details.

Food Show set

BY GAYE BIPPETT
Medina County HD Agent

One-hundred 4H boys and girls have entered the 1973 Medina County 4H Food Show, which will be held February 17. D'Hanis 4H Club will host the county-wide event in the D'Hanis Cafeteria.

Contestants from Castroville, Devine, D'Hanis, Hondo, LaCoste, Natalia and Rio Medina 4H Clubs will enter their favorite dish in the show-A Food for All Season.

They will also be judged on nutrition knowledge and application.

principles of cooking, menu planning, management and personal growth. All the contestants have recently completed a six-week Food and Nutrition Project, conducted by volunteer leaders in each community.

The six high scoring 4H'ers will compete in the District 13 Food Show which will be held in McDowell Junior High at Hondo on March 3rd.

The public is invited to attend the Award Presentation and view the food displays at 3 p.m. Saturday, February 17.

What does Goliad presidio look like in 1972?

When did Francis Scott Key defend Sam Houston?

How did dinosaurs leave tracks in Somervell County 120 million years ago?

Did the U. S. Air Force begin in Texas?

How many were killed in the Texas City explosion?

These are some of the questions answered by Historic Sites of Texas.

Historic Sites of Texas has photos of 72 places of historic significance to Texans and stories of what happened there. It is a 204 page, hardbound, coffee-table size volume, a necessary supplement to Texas history courses. It contains photographs of the places under study and much material not found in texts.

The Texas Courthouse has photos of the 254 county capitols and short histories of the counties. Both books are by June Rayfield Welch, whose Texas: New Perspectives is used by the high schools of more than 500 Texas school districts.

What do Hondo Firemen do?

They fight grass and brush fires for one thing. And in a dry spell this means they spend plenty of time battling these fires. But they also protect business places and resi-

dences in town, so much in fact that Hondo's key rate on fire insurance is among the lowest in the state. Then Hondo Volunteer Firemen practice; they study; they practice some

more; and they need funds to operate. That's why they sponsor their annual Sausage Supper [set for June 9 this year], their annual Carnival and

Street Dance [set for August 18 this year], and conduct an annual mail drive for contributions. They would appreciate your help.

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

Sheep Production Declines... Stocks of Grains Show Ups and Downs... Citrus Planting Increases... Red Meat Production Reported... Three Commodities Above Parity.

Texas sheep numbers continue to decline. A nine per cent drop in numbers of sheep and lambs is reported compared to last year. Sheep and lambs totaled 3,214,000 head. Stock sheep are eight per cent below the previous year. Sheep on feed at 339,000 head were 15 per cent below last year.

The number of sheep farms also declined 500 from last year to now total 14,000.

Nationwide, the downward trend in sheep production continues. The Jan. 1 inventory of all sheep and lambs at 17,726,000 head declined five per cent during 1972.

STOCKS of wheat, rye and oats in Texas are above a year earlier while stocks of sorghum, corn, barley and soybeans are below last year's levels.

Wheat stocks in the state are estimated at 87,000,000 bushels, compared with 61,000,000 bushels in 1972.

Grain sorghum stocks at 233,000,000 bushels are down 43,000,000 bushels from a year ago.

Corn stocks at 25,800,000 bushels compares with 28,900,000 bushels a year ago.

Nationwide, stocks of the four feed grains—corn, oats, barley, and grain sorghum—are three per cent less than totals of last year.

CITRUS plantings have increased seven per cent above the previous year in the Rio Grande Valley. Licensed nurserymen and private citrus nurserymen in the Valley report 206,000 citrus trees moved from nurseries to groves during the year July 1, 1971, to June 30, 1972.

The totals reflect new plantings in commercial groves. Of the total moved to groves, about 95 per cent were grapefruit.

DECEMBER red meat production in Texas is down nine per cent from the previous month but still 21 per cent above the December, 1971 figure. Cattle slaughtered during December totaled 260,000 head, or 47,000 head more than December, 1971.

Hog slaughter during December numbered 162,000, which is 14,000 below last month and 32,000 head less than December, 1971.

Sheep and lambs killed during December numbered 97,000 head which is 9,000 less than last month but 23,000 more than last year.

ONLY three commodities were above effective parity as of January 15, the Texas Crop and Livestock Reporting Service notes.

Oats, calves and sheep are above parity. Oat prices in Texas averaged \$1.05 per bushel, effective parity is \$1.02 per bushel. Calf prices at \$52.10 per hundredweight compared with the parity ratio of \$48.12. Sheep prices at \$13.50 per hundredweight are up \$2.30 over parity of \$11.20.

Cotton continues to be in the doldrums at 20 cents per pound average with effective parity at 58.62 cents per pound. Eggs have shown some increase averaging 52 cents per dozen; parity is 56.8 cents per dozen.
